In Turkey, 2015, Maya discovered that her great grandmother was an Armenian genocide survivor. Maya embodies the conflict as she has two enemies living in her body: one side that suffers and the other side that denies. The film follows Maya as she goes to Armenia to take part in the 100th commemoration of the genocide and to explore her conflicted identity.

Anthony Bourdain joins Serj Tankian of the band, System of a Down, to explore Serj's Armenian roots through its rich cuisine, culture, and history. (We'll need plenty of Armenian snacks to get through this tantalizing show!)
