"What was it like growing up Armenian in"

Sunday, March 24, 1:30 pm, at the Merriam Park Library

1831 Marshall Ave., St. Paul

Please join us as a panel of Armenians featuring Margarita Aroutiunian, Darla Kashian, and Marty Meketarian share their cultural stories and heritage of growing up in Armenia or throughout the Armenian Diaspora.

Facilitated by the Armenian Cultural Organization of Minnesota, this event will share the unique cultural experiences of the Armenian people.

Armenian culture is five thousand years old and while the Armenian homeland extends from the Caucasus Mountains across the Armenian Highland in the Middle East, the Armenian Diaspora lives in every corner of the world. Join us to learn how Armenian culture and identity is practiced through the Diaspora!

ACOM Gagahant Party 2019

ACOM's annual Gagahant Party was again held at Midpointe Event Center on Friday, January 11, 2019. Over 100 people came and enjoyed a dinner catered by Mim's Restaurant, a Silent Auction, a Kids Game Room, and dancing to Music Mundial.

A brief program was given by Nairy Digris, ACOM current President, who introduced the ACOM board, thanked board members who are leaving, and gave a presentation recapping ACOM's achievements over the last year (2018). You can download this Recap of 2018 from the [attachment](#) on the ACOM Website.

Dancing then followed with Armenian Music by Music Mundial. We did get a lot of people up to dance, especially the younger generation. All-in-all a magical evening with very special people in a fabulous setting. A wonderful way to end 2018, our 38th year, and start the new year of 2019 - our 39th year. Hooray!!!

SYMPATHY

Most sincere condolences to John Parker-Der Boghossian on the passing of his Armenian grandmother (who lived in France) at the end of February 2019. She went into the hospital three weeks ago, and passed away last week. She was 93 and she was born in Beirut as her family was escaping the Genocide. She had a long life and got to live in her own apartment up until the end, which was a blessing. John was not able to go to the funeral because in France they happen so quickly after a person passes. His mom was already there, because she wanted to visit her mom while she was in the hospital. John is grateful she was there, but it is a very difficult time for all involved.

John Kourajian Age 86, St. Cloud, MN, died Wednesday, November 28, 2018 at St. Benedict's Therapy Suites, Sartell, MN. Funeral Services were held on Monday, December 3, 2018 at Redeemer Lutheran Church, St. Cloud, MN. ACOM expressions of sympathy go to Myrna Kourajian and her family, as well as to Art Kourajian, Mary Werner and all those who mourn the loss of John. May he rest in peace.

ACOM extends its sympathy to Steve Scallen on the pass-

ing of his brother, Raymond Scallen on February 25, 2019. He was a physician in private practice as a cardiologist and internist in Minneapolis for over 60 years.

Visiting hours will be held on Friday, March 15, from 4-8 PM at Gill Brothers, 5801 South Lyndale Avenue. A funeral mass will be said at St. Albert the Great Church, 3216 East 29th St., in Minneapolis on Saturday, March 16, at 10:30 AM. Should friends desire, contributions may be sent to St. Albert the Great Church of Minneapolis, or the cause of the donor's choice. Gill Brothers 612-861-6088 gillbrothers.com

CONGRATULATIONS

Sarah Wiersbeck celebrated a very special birthday in February surrounded by family and friends. We all wish you continued good health and happiness for many, many more birthdays to come, Sarah !

GET WELL

Speedy recovery to Vali Kardashian who just underwent gall bladder surgery.

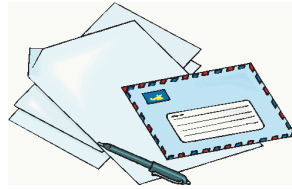

Bill Angell was hospitalized early December.

Lowell Johnson. We were saddened to hear about your broken ankle, Lowell, and hope that you feel as good as new by now.

Ed Pompeian had surgery on January 3, 2019. In lieu of cards, donations to the Gift of Life Transplant House, Rochester, MN, would be much appreciated.

Mark Keljik. ACOM board members and the entire community wish you a very speedy and complete recovery from your day surgery of January 2019.

Both Kathie Cafesjian Baradaran

and Jaff Baradaran were under the weather, but hopefully, are totally recovered by now.

COMMUNITY NEWS

This year is the 35th anniversary of the founding of the **Gift of Life Transplant house in Rochester, MN**. Ed Pompeian, who had received a kidney transplanted from his mother, Helen, 11 years prior, founded the first house in 1984. Over the years, it has grown to become 'the largest transplant program in the country.'

During 2019, there are several events scheduled to celebrate this milestone year. The next one is called 'Table Inspirations - a Celebration of Home' and will be held on March 16, 2019 at Kahler Apache Event Center. Events continue with a 5K in April, participation in the Rochester Fest Parade in July (featuring Ed and Jayne Pompeian!), the 35th Annual Gift of Life Golf tournament, and so on, until the Anniversary Celebration in December.

Keep up with the event calendar at <https://gift-of-life.org/calendar-events/>

ESCAPING THE COLD....

Aram and Ruth Charchian went to Las Vegas in February to escape the MN snow and found a record-breaking snow storm in the Las Vegas desert. Will they go back???

MORE COMMUNITY NEWS

In early December, six of our Minnesota Armenians traveled to **New York City to visit the Armenia!** exhibit at the **Metropolitan Museum of Art**. Making the trek were Andrea and Lowell Johnson, Jim and Margaret Favre, and Leroy and Cynthia Erickson.

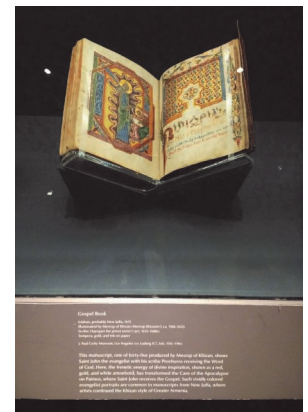

The exhibit pulled together items from many places in the world.

We were able to see Khatchkars, illuminated manuscripts, bowls, earrings, and necklaces. Relics of various church leaders as well as church vestments and curtains. There was a carved wooden door from the Sevanavank church at Lake Sevan. The head of the spear that had been found at Geghart Monastery was displayed, as well as items from Devin, Moosh, Sepastia and other areas of Western Armenia. It was a wonderfully arranged exhibit with lots of information cards that helped to educate visitors about the history of Armenia and the specific items that were on display.

Besides the visit to the museum, we were able to visit some Armenian friends who live in the NY-NJ area and spend some cherished time with them.

Cynthia E.

If you have an interest in Armenian dance, if you have danced in the past, or have never danced but really would like to learn and participate, this would be a good time to give it a try. All the dances are taught, and costumes provided. It is a volunteer activity and we only ask for your time commitment. Rehearsals are typically held on Sundays at 1:00 pm in Roseville. Remember: you do not need to be Armenian to become a member of the dance group, just a desire to learn and enjoy Armenian music and dance.

Note: if you wish to perform with the group, you need to purchase your own “character shoes” and be ready to wear makeup and perform without eyeglasses.

YOUNG MINNESOTANS ABROAD

2018 was a great year for the Ohannesian – Tiffany family.

Our son Harrison graduated from the University of Wisconsin in December 2017 and left a week later for a 10 month volunteer adventure with Birthright Armenia where he was an intern in Natural Resources.

He had a fantastic experience while being assigned to several organizations over his time there working on projects in the environmental and conservation field, which is his passion:

Birthright Armenia — Intern in Natural Resources

□ Foundation for the Preservation of Wildlife and Cultural Assets in Yerevan and Uztadzor-Conducting wildlife surveys and drafted long-term survey and management plans for the Caucasus Wildlife Refuge (CWR).

□ American University of Armenia; Acopian Center for the Environment, Yerevan, Armenia. Participated in a joint EU-Armenian Government project (ALTER) to ensure that measures are taken in preparing Armenia and its electrical grid from total collapse in the event of a high-magnitude earthquake

□ Armenia Tree Project, Yerevan and Margahovit, Armenia-Helped plan an edible riparian forest

□ Worked in Margahovit to educate children about environment issues and to improve their English language skills

□ HikeArmenia, Gomk, Armenia - Worked to further a partnership between Trails for Change and the village of Gomk -Taught English to students aged 8 to 16 in Gomk for two weeks

- Trails for Change, Dilijan, Armenia-Helped construct and mark trails for recreational hiking and to further boost ecotourism in the Tavush province of Armenia.

On the fun side of things, he made great progress in learning Eastern Armenian and traveling throughout the country including trips to Artsakh and navigating around the country. He made a few trips to Tbilisi, Georgia to renew his Armenian visa and loved that city, and their food. All in all, it was a great experience. He is back in Minnesota now, at least for a while....

Our daughter Erica started her second year teaching Spanish at the Internationale Engelska Skolan (International English School) in Nacka, Sweden, a suburb of Stockholm. My husband and I visited her in December 2018 to see how she was doing. Sweden is a fantastic place and Erica really enjoys living and working there. The day we left to return to Minnesota, she bought a piano, so I guess she plans on staying a while. I guess we will be earning lots of frequent flyer miles on Icelandic Airlines visiting her each year.

It was 1983 when I was sent to Minneapolis by Control Data. I had been traveling across the U.S. training customer service people to staff new Service Centers they were opening. As was my habit, I always looked for Armenians wherever I went. MN gave me all I was looking for (called ACOM) and so I connected.

At the time, ACOM was having their annual picnic and I decided to go. I met several people who made me feel very welcome. When I went back to work, I got a call from Aram Charchian whom I had not met at the picnic but who also worked at Control Data. I don't know how he got my name but am glad he called. It was the beginning of a long and wonderful relationship. He asked about the picnic and we spoke awhile. He asked did you meet Steve? No. I told him whom I had met and he said.....you've got to meet Steve, he's looking for a "nice Armenian girl". Oh, Lord, I thought.

Well, I agreed to meet Steve and gave Aram the address to my apartment. When Steve came up on the elevator, I waited by my door for him. My reaction immediately was.....Oh Lord, is he ever Armenian! And he was! That began months of dating followed by my getting a transfer to Minneapolis. We were married in July, 1988. Since Steve was from NY and I was from Mass, neither of us had relatives here. I had 2 grown sons living in Mass. and I got to really missing them, especially on holidays. During those years, thanks to Steve, I got into antique and classic boating and we spent a lot of great times on Lake Minnetonka. I edited their magazine and got to know many in that organization, but I knew I had to get back home where my sons were. That was 2014.

We put all our furniture, etc. into storage and drove to N.H. to stay with my son Greg while we went looking for a house. Well, it took a lot longer than we anticipated but finally found a

great home in Middleboro complete with an in-ground pool, which I loved. The house was about 50 miles south of Richard and about 50 miles north of Greg. Both complained it was still too far - but a darned sight better than Minneapolis.

After 5 years, age took its toll on me and Steve. I had neuropathy from a previous surgery which was preventing me from standing and Steve developed a problem

with his leg so he had to drag it all the time. This prevented both of us from driving.....BIG problem. Steve took over all the cooking and I became basically a couch potato. Goodbye chereg, manta, katah, souboereg. This was a huge adjustment.

A neighbor (Bill) agreed to mow the lawn.....then he took over maintaining all the needs of our pool. As time went on, there was less we could do and we depended more and more on Bill. He took us to all appointments, waited and brought us home -- did all our grocery shopping -- basically everything we needed outside the house but couldn't do. This development prompted my sons to consider senior housing. We visited a few places and settled on this one in Quincy. The big negative....no pool, but everything else won out. We're now in a 3-room apartment.

Have you ever tried to downsize 60 years into 3 rooms? It's a nightmare! My sons and daughter-in-law have been organizing all the remains for a huge garage sale this weekend. Just about everything we own(ed) is there, including many pieces of furniture -- tables, chairs, hope chest, cabinets -- dish sets, pots, pans, trays (that baked so much Armenian pastry) and so much more. All the things we never wanted to see go.

We are now 5 miles from Richard and about 80 miles from Greg, but that's where Greg's work is.

Peggy Merjanian
